

Key Words with Ladybird

2b

Have a go

Series a introduces new words

Series b practises new words

Series c links to phonics and writing

Readers will get the most out of the **Key Words** reading scheme when they follow the books in the pattern 1a, 1b, 1c: 2a, 2b, 2c: and so on.

The a, b, and c series are all written using the same carefully controlled vocabulary.

The Ladybird Key Words Reading Scheme has three series, each containing twelve books.

The 'a' series gradually introduces and repeats new words.

The parallel 'b' series provides further practice of these words, but in a different context and with different illustrations.

The 'c' series uses familiar words to teach phonics in a methodical way, enabling children to read more difficult words. It also provides a link to writing.

All three series are written using the same carefully controlled vocabulary.

How do I use this scheme?

The Ladybird Key Words Reading Scheme uses the most frequently met words in the English language – Key Words – as a starting point for learning to read successfully and confidently.

Why are Key Words important?

- 12 Key Words make up one quarter of those we read and write.
- 100 Key Words make up half of those we read and write.
- About 300 Key Words account for three quarters of those we read and write.

By learning to recognise these words on sight, children will be able to 'decode' most sentences much more easily and quickly.

How do I get started?

- Draw your child's attention to the shape of each word: where are the tall letters? Where are the letters with parts that drop down?
- Encourage your child to recognise the letters that make up each word.
- The pictures in this book are intended to make the words easier to understand. Point to the pictures on the page as your child says the words to build the connection between words and what they describe.
